

Curriculum vitae – Roman Svoboda (updated 03/2026)

Roman Svoboda was born in 1980 in Hradec Králové (Czech Republic). In 2004 and 2008 he completed his Master (Department of Inorganic Chemistry, University of Pardubice) and PhD. studies (Department of Physical Chemistry, University of Pardubice), respectively. After the graduation he started to work as a researcher at the Department of General and Inorganic Chemistry; since 2012 he is employed as a research scientist at the Department of Physical Chemistry. In 2020 Roman Svoboda successfully defended the Attestation thesis for an independent research worker (scientific equivalent of the Associate Professor position at University of Pardubice).

As the member of the Group of Thermal Analysis and Calorimetry of the University of Pardubice, Roman Svoboda specializes in thermoanalytical instrumental techniques – particularly differential scanning calorimetry, dilatometry, thermomechanical analysis, optical microscopy, Raman spectroscopy etc. Regarding his scientific orientation, Roman Svoboda currently focuses on advanced crystallization kinetics of amorphous materials and structural relaxation kinetics in the glass transition region. His further interests include also theory of viscous flow and structural interpretations of kinetic fragility, glass-forming ability and heat capacity.

Teaching

- (co)supervision of six PhD Theses, nine Master Theses and nine Bachelor Works
- tutor in Basic Physical Chemistry courses (2004 – 2005)
- tutor in Advanced Physical Chemistry courses (2010 – 2014)
- tutor in Calorimetry and Thermal Analysis courses (2010 –)

Participation in projects

- Internal grant of the University of Pardubice FRVŠ 3340/20/FG350017 (2005, principal researcher)
- Czech Science Foundation GA 104/08/1021 (2008-2010, member of the research team)
- Czech Science Foundation GA 106/10/P035 (2010-2012, principal researcher, Excellent evaluation)
- Czech Science Foundation GA 106/11/1152 (2011-2015, member of the research team)
- Czech Science Foundation GA 16-10562S (2016-2018, member of the research team)
- Czech Science Foundation GA 17-11753S (2017-2019, principal researcher)
- Czech Science Foundation GA 20-23392J (2020-2022, member of the research team)
- Czech Science Foundation GA 23-07574S (2023-2025, member of the research team)
- Czech Science Foundation GA 25-17110S (2025-2027, principal researcher)
- European education project ESF CZ.1.07/2.3.00/09.0104 - TEAM CMV (2009-2012, team member)
- European education projects ESF CZ.1.07/2.3.00/20.0254 - ReAdMat - Research Team for Advanced Non-Crystalline Materials (2012-2014, member of the team)
- Technology Agency of the Czech Republic TE02000011 (2019-2025, member of the team)

Publication activity

194 papers in impacted journals
7 papers in non-impacted journals
4 co-authored chapters in books
82 conference contributions

Citation analysis (03/2026 Scopus)

number of citations without autocitations: 1838
h-index without autocitations: 19

Research stays

Alexander Dubcek University, Trenčín, Slovakia (11/2015) + cumulative 3 months since

Academic honours and awards

CEECTAC 2015 Young Researcher Award
National Scholarship Program of Slovakia - scholarship (2015, provider: SAIA)
Since 2020 included in the list of World's Top 2% Scientists (produced by Stanford University)
